Step 1 — ► Video: Insert the Extruder (mid-build)

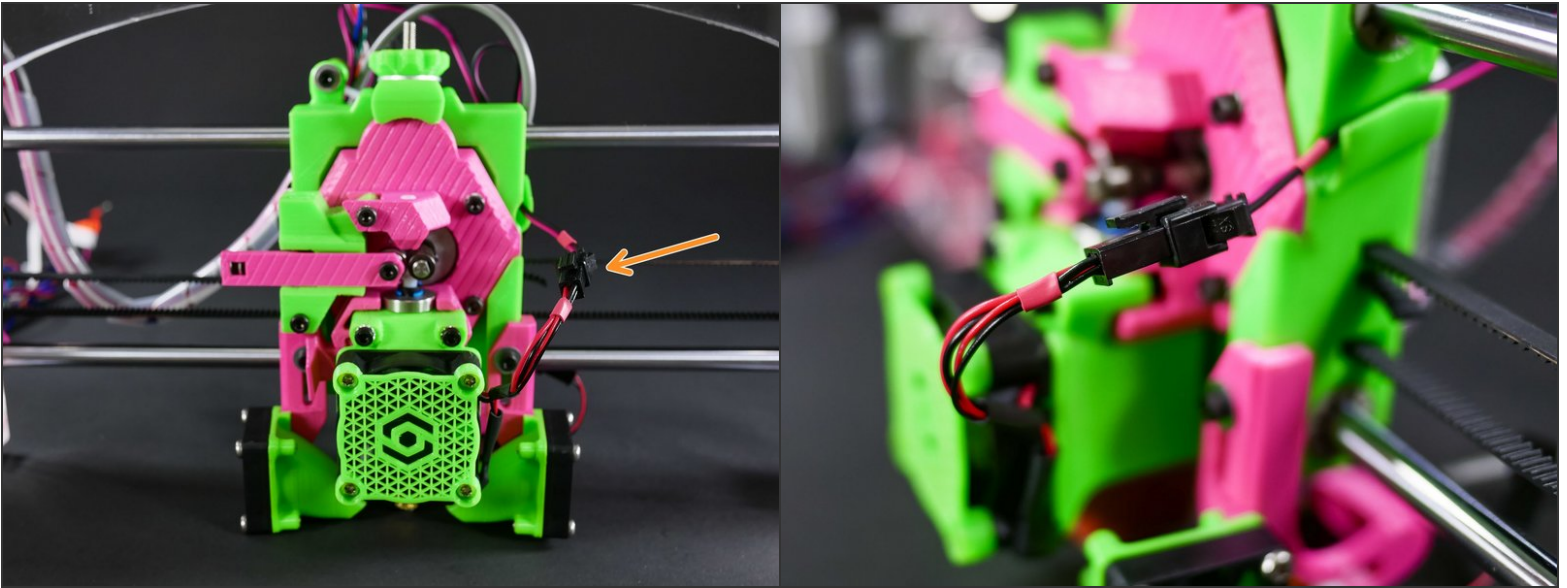

- ► Video: Insert the Extruder (mid-build)
- This is a good time to learn how to insert the extruder!

Step 2 — Connect the wires

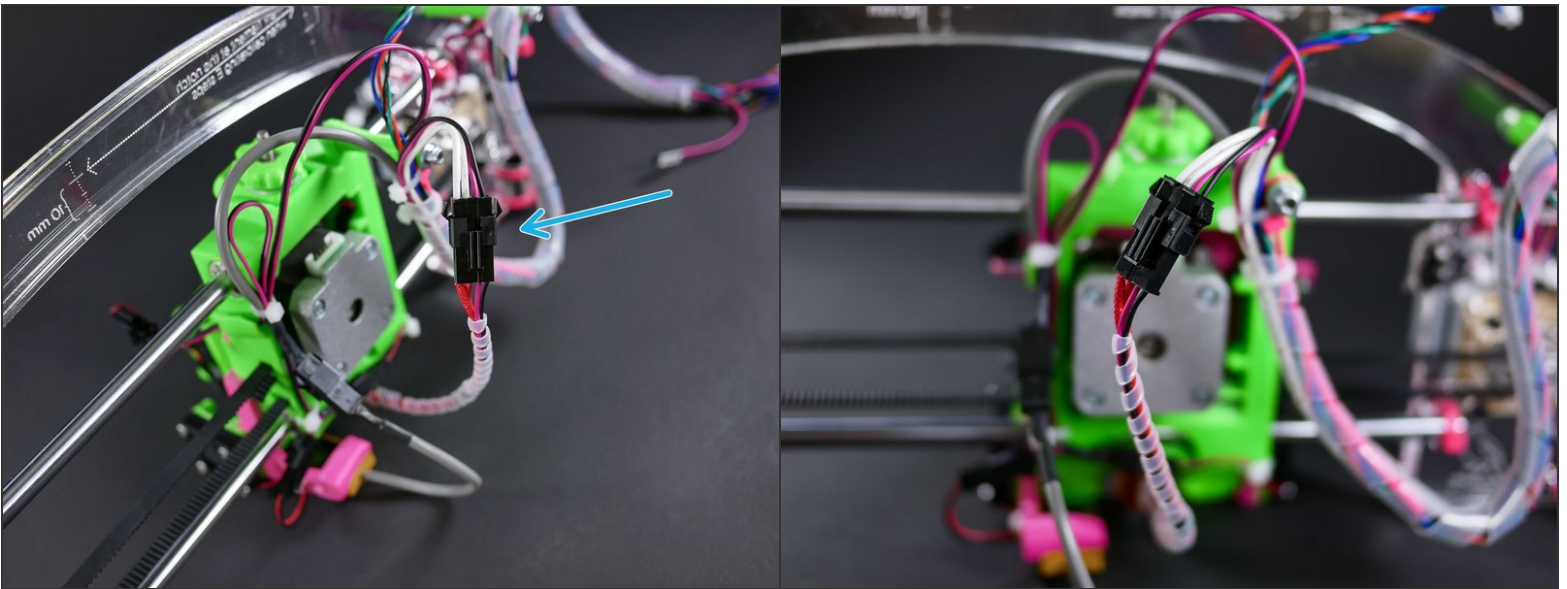

- Anytime you insert the extruder, you need to connect **3 wires**:
 - Hotend fan
 - Hotend
 - E motor

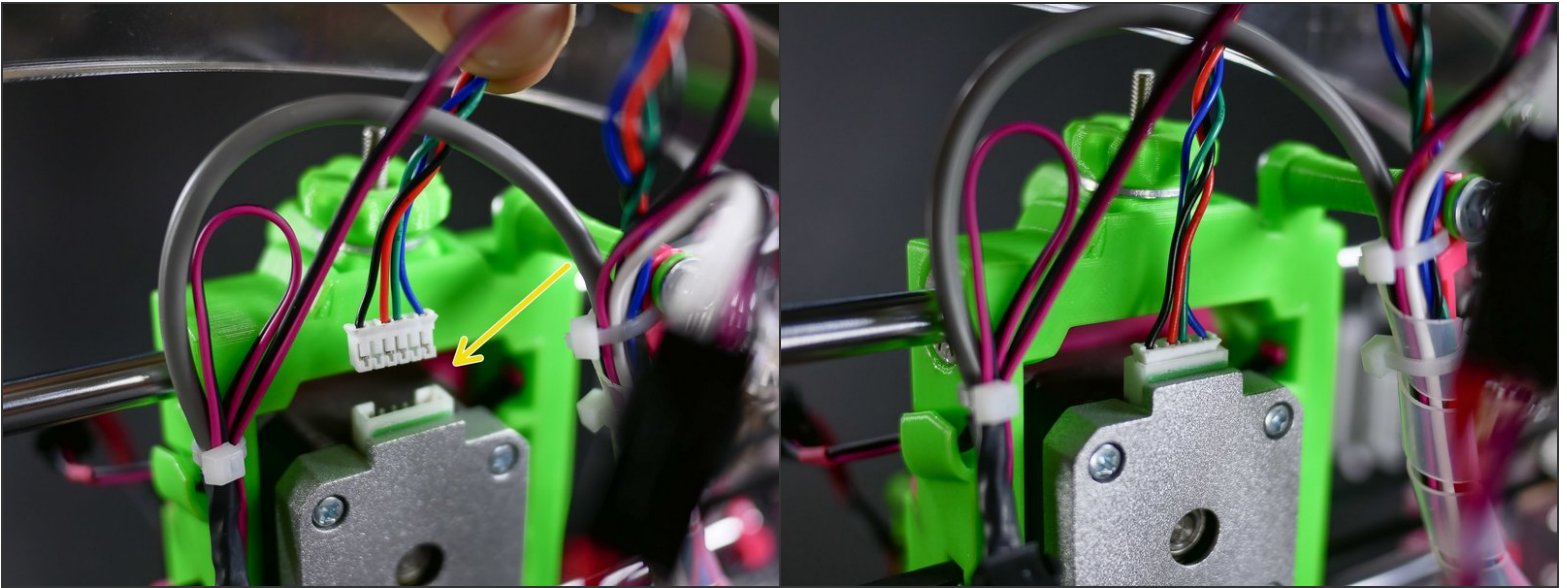

Step 3

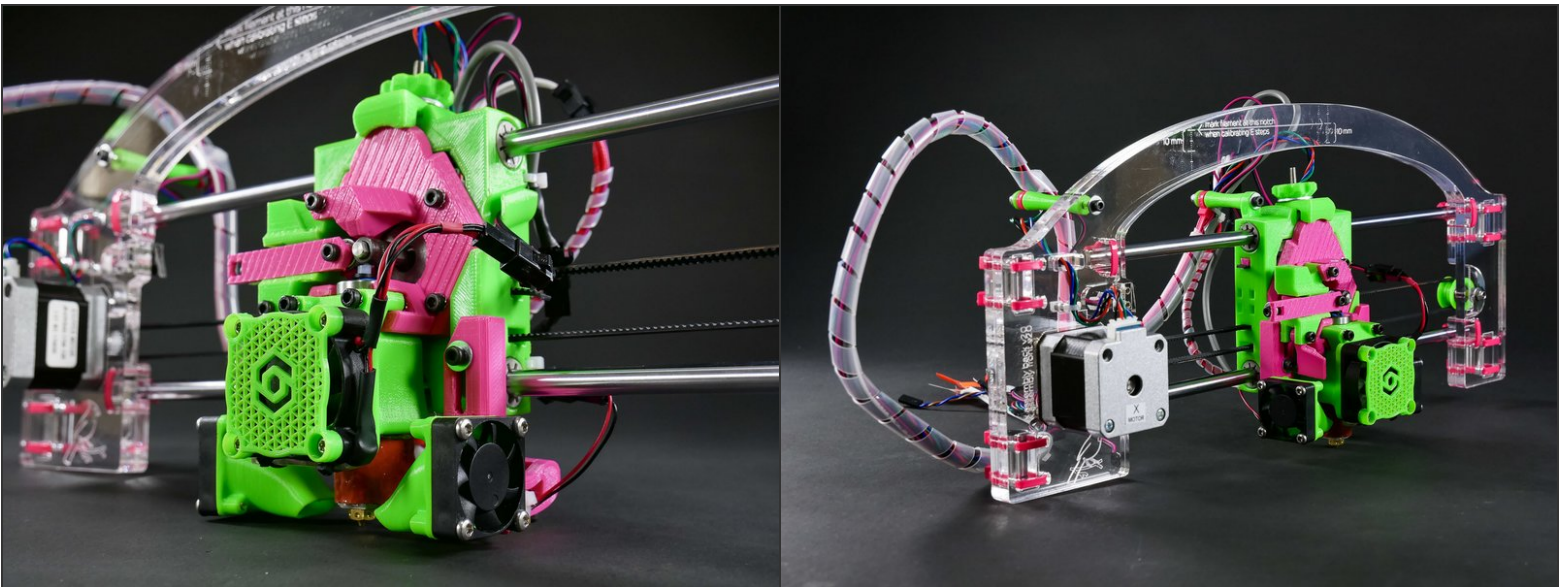

Step 4

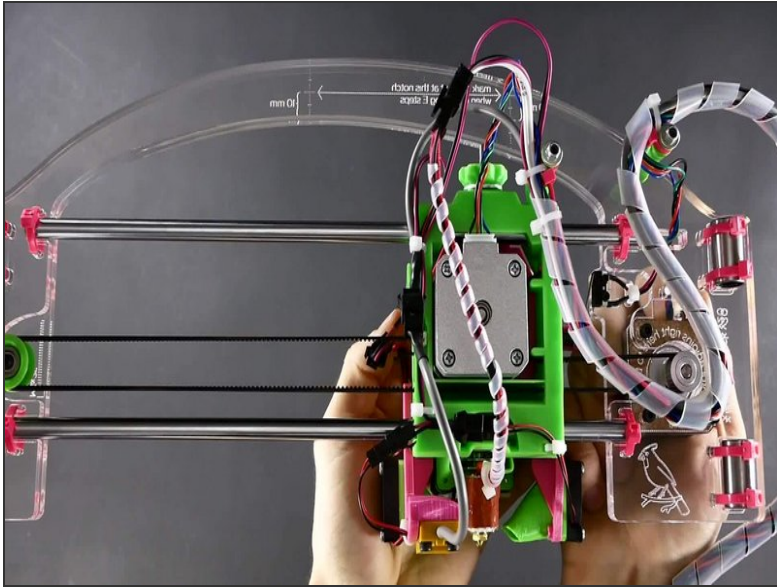

Step 5

Step 6 — Looking good!
