

## 05. Insert and Connect the Extruder

## Step 1 — ▶ Video: Insert the Extruder (mid-build)

- ▶ Video: Insert the Extruder (mid-build)
- This is a good time to learn how to insert the extruder!

## Step 2 — Connect the wires

- Anytime you insert the extruder, you need to connect **3 wires**:
  - Hotend fan
  - Hotend
  - E motor

### Step 3

### Step 4

**Step 5****Step 6 — Looking good!**

**Step 7 — ► Video: X Mechanical Checkpoint #3**
